**Need to bring before Infrastructure Development Board
any proposal relating to private sector investment in
infrastructure sector projects.**

Sir/Madam,

As you are kindly aware that Himachal Pradesh Infrastructure Development Board has been constituted under the Chairpersonship of the Chief Secretary under the provisions of HP Infrastructure Development Act, 2001. The Act provides broad framework for private sector participation in financing, construction, maintenance and operation of infrastructure sector projects.

As such, it is reiterated that all project proposals proposing private sector participation in infrastructure sector projects in any field/area should be first brought before the Infrastructure Development Board for consideration and giving its views, before taking approval of the competent authority in the matter. These instructions may kindly be strictly adhered to.

Yours faithfully,

Pr. Secretary (Finance) to the
Government of Himachal Pradesh
