## 1. INTRODUCTION

### 1.1 HPSRTP – Background & Objective

GoHP's program for transforming state level transport institutions, improving mobility and logistics for horticulture and overall economic growth in HP, connecting HP to the Bharatmala network, and enhancing road safety, sets the goal for the institutional transformation envisaged to be implemented under the proposed HPSRTP (Himachal Pradesh State Roads Transformation Program). As such, HPSRTP will support launching of GoHP's program focusing on strengthening the institutional base for transportation infrastructure and logistics services administration, across the State.

The Project Development Objective of HPSRTP is to enhance the efficiency of the transportation, logistics and road safety institutions to stimulate horticulture and overall economic growth in Himachal Pradesh.

The HPSRTP comprises the following components and sub-components:

#### **Component 1: Building HP's Transport and Logistics Institutions, and Resilience, including:**

- **Sub-component 1.1:** Re-establishing the Himachal Pradesh Road and Infrastructure Development Corporation (HPRIDCL) with an objective to support GoHP's initiative to create a corporate entity responsible for the administration of HP roads and delivering safe, resilient and well performing roads supporting the horticulture and overall economic development of the State. This involves, re-establishing HPRIDCL as the road asset and other public infrastructure manager, responsible for the development and maintenance of all roads and other infrastructure under the jurisdiction of the HPPWD.
- **Sub-component 1.2:** Supporting the commercialization process of the direct labor operations and promoting competitive performance-based maintenance contracting. The objective is to support GoHP's initiative to improve the efficiency of road maintenance and reduce maintenance cost, by laying the ground for the full commercialization of HPPWD's direct labour operations.
- **Sub-component 1.3:** Establishing HP Motor Vehicle Administration (HPMVA), strengthening the Directorate of Transportation of HPDOT and developing logistics system and strategy. The objective is to deliver efficient customer services, as well as competitive, safe and clean/less pollutant transportation in HP.

#### **Component 2: Improving fruit belts and stimulate HP's horticulture and overall economic growth including:**

- This component will finance upgrading priority target collector roads/MDRs. The upgrading of approximately 77.65 km of roads connecting small holding farmers production and primary processing clusters to wholesale markets/SME clusters.

### Component 3: Enhancing Road Safety, including:

- **Sub-component 3.1:** Promoting the 'Safe System': This focuses on strengthening enforcement on state roads and critical accident spots along rural roads, by enhancing patrolling and establishing emergency response system.
- **Sub-component 3.2:** Promoting the 'Safe Corridor initiative': The Safe Corridor initiative will support the state highway patrol by providing surveillance equipment (CCTV cameras for speed control, accident recording, etc.), variable messaging system (VMS), training the police, and establishing emergency response posts.

The implementation of the core initiatives of the HPSRTP is expected to result in: i) Improved efficiency of transport and logistics institutions; ii) Reduction in maintenance expenditure; iii) Reduction in transport cost for transporting products from production clusters to SME/wholesale markets along the project roads; iv) Reduction in road accident fatalities per 100,000 population in pilot areas.

#### 1.2 Sub Project Roads under Tranche I – HPSRTP

Under Tranche I, four road corridors with a cumulative length of 77.65 km are being considered for upgradation/widening in line with the objective of Component 2 of HPSRTP. The details of the four corridors are given in Table 1-1.

**Table 1-1: Roads Proposed for Widening/Upgradation under Tranche I- HPSRTP**

Sr. no	Name of the Road	District	Length (in Km)
1	Baddi – Sai – Ramshahr	Solan	33.40
2	Dadhol – Ladroul	Bilaspur	13.50
3	Mandi – Rewalsar – Kalkhar	Mandi	28.00
4	Raghunathpura-Mandi- Harpura- Bharari	Bilaspur	2.74
<b>Total</b>			<b>77.65</b>

## **2. PROJECT DESCRIPTION**

The Raghunathpura-Mandi-Harpura- Bharari road is 2.74 Km long and is designated as OSR11 (Other State Road). The project road starts from Raghunathpura and ends at Bharari and traverses entirely in Bilaspur Sadar tehsil of Bilaspur district. The project road starts at Raghunathpura near NH154 (0+00 Km) and connects to Bharari village near 2 +740 km (Figure 2-1). The latitude and longitude of the project road at Raghunathpura and Bharari are 31.172°N to 31.181°N and 76.444° E to 76.454° E respectively. The altitude of project corridor from Raghunathpura to Bharari ranges between 600 to 250 m above mean sea level and predominantly traverses through rolling terrain.

The 4 settlement areas along the project road are Raghunathpura, Mandi, Harapura, and Bharari. Out of the total 2.74 km length, the built-up areas of the settlement areas are limited to the initial 0.5 km, which is about 20% of the road length. Other than this, rest of the road is devoid of any settlement areas, throughout its balance length. The project road has 5 junctions, out of which 2 are major junctions (at the beginning and end of the road) and the rest 3 are minor junctions and connects to nearby villages/settlements. The Project Road does not have any fifth Schedule areas of Himachal Pradesh or tribal households that meet the characteristics outlined in ESS7. The Photographs of the project road at the beginning and end point are given below.

**Figure 1: Location Map of Raghunathpura-Mandi-Harpura-Bharari Road**

**Start and End Point of Project Road**

### 2.1 Available Right of Way

As per the information sourced from the concerned PWD division, the width of the existing right of way (RoW) along project road varies between minimum of 9.5m (Ch.0+000to0+200) to 20m (Ch. 0+200 to 2+740), with an average width of 14m.

### 3. Social Economic Profile.

In order to capture the overall socio-economic scenario of the area, the socio-economic data has been analyzed from regional and local perspective. At the regional perspective, Bilaspur District level data through which the project passes have been broadly analyzed, which gives an insight to the socio-economic profile of the tehsils, which constitute the PIA and Project Impact zone or corridor of Impact.

The PIA constituting 15 km on either side of the project road corridor include tehsil Bilaspur Sadar of Bilaspur District, whereas the Project Impact Zone (corridor of impact) constituting the 10-metre-wide strip on either side of the 2.74km along project corridor, entirely traverses within the Bilaspur Sadar Tehsil of Bilaspur District in Himachal Pradesh.

### 3.1 Demographic Features of Bilaspur District

As per 2011 census, Bilaspur district had a population of about 3,81, 956. The population of the district has increased by 10.92% during 2001 to 2011. It constitutes 14.58% of the state population and rank second in position. Economy of the district is mainly agrarian and 80% of the population in the district is engaged in cultivation. Famous pilgrim centres that attract several hundreds of people are Naina Devi Mata temple and Shah Talai. Govind Sagar Lake occupies the predominant position, among the places of tourist interest in the district.

- **Average Household Size:** The project influence area has an average family size of 4.7 persons per household as per 2011 census states.
- **Population Density:** The density of population works out to about 327 persons per Sq. Km, in the district.
- **Working Population:** Among the total population, 53.9% constitute working population and 46.1% constitute non-workers, which is less than State's working population at 51.58%. The PIA has educational facilities (3 primary schools, 4 middle schools, 3 secondary schools) but for higher education, the population is dependent on nearby urban centres such as Bilaspur, Ghumarwin etc., which is at 15-40 km away from project road.

### 3.2 Corridor of Impact/Direct Impact Zone

The Project impact zone is considered as 10m on either side of the road along corridor in order to assess the impacts due to the proposed project and in the adjoining buffer areas. The social surveys were carried based on the above consideration, which is more than required RoW to determine the social changes and to draw upon maximum impacts within Project Impact Zone.

### 3.3 Project Influence Area (PIA)

The PIA for SIA has been considered as 15km on either side of the 2.74 km long project corridor.

### 3.4 Socio Economic Characteristics of PIA:

The environmental and social risks assessments seek to identify the impacts of the proposed project and focus on the ways and means to minimize the incidents of negative impacts and suggest the mitigation measures. Therefore, it is vital to understand the existing baseline socio-economics scenario in the study area to analysis the magnitude of the possible impacts.

### 3.5 Socio-economic Profile of PAF's/PAH's (As per ESIA)

The project road is 2.74 km long and the widening limited to available right of way with no additional land acquisition or requirement to clear encroachments in the Right of Way, primary survey(s) for assessing the impacts if any, on PAP's/PAHs was not warranted.

During the process of ESIA, no impact on any asset within ROW was noticed, hence RAP was not prepared. After mobilisation of the civil work contractor, the NGO and CMU did joint verification and noticed some minor impact on temporary structures like roof, stairs etc. within ROW. During identification and verification total 17 PAPs were identified under minor impact. The analysis of alternatives i.e. design modifications enabled to save 5 structures out of 17. Out of 17 structures, one structure belongs to two owners (Hari Ram Choudhary s/o Gopalu & Lachhman Singh s/o Gopalu), therefore 13 Micro Plans were prepared.

### 3.6 Socio-economic Profile of PAFs/PAH of the project.

Out of 12 PAFs, there are 7 joint and 5 are nuclear families. Following table 1- 2 provides details of family type.

**Table 1- 2: Family Type**

Sr. No.	Package	Joint	Nuclear	Total
1	Raghunathpura-Mandi-Harpura-Bharari	7	5	12
	<b>Total</b>	7	5	<b>12</b>

### 3.7 Social Status of PAFs (Cast wise distribution of PAFs)

Out of 12 PAFs, 11 are from general and 1 is from OBC category. Following table 1-3 provides details of social status.

**Table 1-3: Social Status**

Sr. No.	Package	SC	ST	OBC	Gen.	Total
1	Raghunathpura-Mandi-Harpura-Bharari	0	0	1	11	12
	<b>Total</b>	0	0	1	11	<b>12</b>

### 3.8 Religion wise distribution of PAFs

All the PAFs are Hindu. Following table 1 – 4 provides details of Religion status.

**Table 1 – 4: Religious Status**

Sr. No.	Package	Hindu	Muslim	Total
3	Raghunathpura-Mandi-Harpura-Bharari	12	0	12
	<b>Total</b>	12	0	<b>12</b>

### 3.9 Occupation wise distribution of PAFs

Out of 12 PAFs, 7 are farmers, 2 are in service, 2 are running small businesses and 1 is Pensioner. Following table 1 – 5 provides details of occupational status.

**Table 1 – 5: Occupational Status**

Sr. No.	Package	Farmer	Service	Labour	Shop/Hotel Business	Pensioner	Pvt. Job	Total
1	Raghunathpura-Mandi-Harpura-Bharari	7	2	0	2	1	0	12
	<b>Total</b>	7	2	0	2	1	0	<b>12</b>

### 3.10 Education wise distribution of PAFs

No one is illiterate in this project. Out of 12 Project Affected Families, 5 are educated till matric, 2 are 12<sup>th</sup> standard, 2 are primary and 2 are secondary. Only one has done graduation. Following table 1 – 6 provides details of education status.

**Table 1 – 6: Educational status**

<b>Sr. No.</b>	<b>Package</b>	<b>Illiterate</b>	<b>Primary</b>	<b>Middle</b>	<b>Matric</b>	<b>10+2</b>	<b>BA/BSC/MA/Technical</b>	<b>Total</b>
<b>1</b>	Raghunathpura -Mandi- Harpura- Bharari	0	2	2	5	2	1	<b>12</b>
	<b>Total</b>	0	2	2	5	2	1	<b>12</b>

### 4. Status of Implementation of R&R Activities

During implementation of Resettlement and Rehabilitation activities, Construction Management Unit (CMU) and R&R Implementation Non-Government Organisation (NGO), jointly conducted impact assessment to identify and verify impact. During assessment, total 17 structures identified. The impact was partial and not significant. After changing alignment to avoid impact, 5 structures have been saved. Finally, total 12 structures of 13 PAPs were identified and verified as partially affected. Following table 1-7 provides details of impact.

**Table 1- 7: List of Identified PAPs, (Structures) Raghunathpura-Harpura-Bharari Road**

CHAINAGE 0.000 TO 2+728 KM								
Sr. No.	Chainage	Village	Type of Structure	Category of Affected Structure	Name of PAPs	Khasra No. Pvt./THs	Khasra No. HPG/PWD	Remarks RRO
1	L/0+010	Raghunathpura	Shed	Other	Rattan Lal s/o Sh. Thakur Das	N.A.	256/206	10% Affected
2	L/0+030	Raghunathpura	Stair+ courtyard (2 strucures)	Other	Hari Ram Choudhary s/o Gopalu &Lachhman Singh s/o Gopalu	N.A.	256/206	10% Affected
3	L/0+060	Raghunathpura	Courtyard (2 strucures)	Other	Rattan lal s/o late Sh. Nika Ram	N.A.	256/206	10% Affected
4	L/0+080	Raghunathpura	Courtyard	Other	Smt. Prabhi Devi D/o Nika Ram	N.A.	256/206	10% Affected
5	L/0+100	Raghunathpura	Courtyard+ Chhaja	Other	Joginder Singh s/o Sant Ram Sharma	N.A.	256/206	10% Affected
6	L/0+150	Raghunathpura	Tin Shed	Other	Smt. Geeta Devi w/o Late Sh. Deepak Kumar	N.A.	194	10% Affected
7	L/0+185	Raghunathpura	Shed	Other	Balvinder Singh s/o Guljar Singh	N.A.	194	10% Affected
8	L/0+310	Raghunathpura	Tin Shed	Other	Madan Lal S/o Sh. Sohan Lal	N.A.	193	10% Affected
9	R/0+670	Samola	Tin Shed	Other	Late Sh. Balwant	N.A.	286	10% Affected
10	R/0+733	Samola	Gate+PCC	Other	Madan lal Sharma s/o late.Sh. Jai dev sharma& Rajesh Sharma s/o late.sh. Jaidev Sharma	N.A.	286	10% Affected

13	R/ 1+105	Manva	CPR	Water Tank		N.A.		Saved
14	L/1+590	Mandi Manva	Courtyard+ Access+ Water tank + Washing Ramp	Other	Amar Nath s/o Sh. Daulat Ram	N.A.	91&96	Affected

**CHAINAGE 0.000 TO 2+728 KM**

<b>Sr. No.</b>	<b>Chainage</b>	<b>Village</b>	<b>Type of Structure</b>	<b>Category of Affected Structure</b>	<b>Name of PAPs</b>	<b>Khasra No. Pvt./THs</b>	<b>Khasra No. HPG/PWD</b>	<b>Remarks RRO</b>
15	R/2+400		CPR	Temple		N.A.		Saved
16	R/2+405		CPR	Temple		N.A.		Saved
17	R/2+405	Mandi /426	Toilet	Other	Suresh Sharma s/o Karam Dev	N.A.	88/74/15	10% Affected

**Note:** Mr. Amar Nath's (Sr. no 14) structure was identified as affected and accordingly Micro Plan was prepared but due to change in alignment, his affected part of the structure was saved. During assessment, it was observed that Mr. Hari Ram Choudhary s/o Gopal & Lachhman Singh s/o Gopal (Sr. no 2) are losing 1 structure (Owned by both brothers Mr. Hari Ram and Mr. Lachhman Singh), therefore 2 Micro Plans have been prepared. Total 12 structures of 13 PAPs were identified as partially affected.

#### 4.1 Status of Micro Plan

Based on final verification of affected families, 13 Micro Plans of Non-Titleholders were prepared and approved by Additional Deputy Commissioner of Bilaspur district. The total approved amount is Rs. 553,119.00. The consolidated summary of Micro Plan and details of R&R assistance for NTH is provided in Annexure 1.

#### 4.2 Status of Identity Cards

Following this, all the 13 Identity Cards (ID) were prepared and shared with the PAPs. Following are the details of IDs.

**Table 1-8: Details of Identity Cards**

ID Number	Name of the PAP	Type of the PAP	Structure Number	Replacement cost (INR)
1	Mr. Rattan Lal	Squatter	L/0+010	26,380.00
2	Mr. Hari Ram	NTH	L/0+030	8,010.00
3	Mr. Lachman Singh	NTH	L/0+030	8,010.00
4	Mr. Rattan Lal Sankhyan	NTH	L/0+060	56,920.00
5	Smt. Prabhi Devi	NTH	L/0+080	42,222.00
6	Mr. Joginder Singh	NTH	L/0+100	121,985.00
7	Smt. Geeta Devi	NTH	L/0+150	25,074.00
8	Mr. Balvinder Singh	NTH	L/0+185	18,999.00
9	Mr. Madan Lal	NTH	L/0+310	17,298.00
10	Mr. Madan Lal	NTH	R/0+733	14,309.00
11	Mr. Rajesh Kumar	NTH	R/0+733	14,309.00
12	Amarnath Khurana	NTH	L/1+590	60,759.00
13	Mr. Suresh Kumar	NTH	L/2+400	138,844.00
<b>Total</b>				<b>553,119.00</b>

Note: Individual ID Cards copy is provided in Annexure 2.

#### 4.3 Disbursement of Compensation

After preparation of Micro Plans, it was noticed that structures of Mr. Amarnath Khurana is on left side of the road and there was available space on right side, accordingly the alignment was shifted to right side to save his structure, therefore the compensation has not been paid to him. **There are total 12 PAPs and compensation amount is INR 492,360. All the 12 PAPs have been paid the compensation. The process of disbursement of the compensation completed on April 10, 2023.** The photographs of disbursement of compensation and list of paid PAPs are provided in Annex 3.

**Annexure 1: Details of R&R Assistance and Consolidated Summary of Micro Plan for NTH.**
